OUR JEWISH ARISTOCRACY  
A Revelation  
by  
Arnold Leese

I publish this booklet in an attempt to impress my fellow Britons that their race is being displaced and replaced, and without malice to any individual.

The I.F.L. pamphlet thus entitled saw three editions, all sold cut; Gothic Ripples No. 31, dealing with the same subject, is also sold out. So now the Editor brings the list up-to-date. The reason that the Aristocracy is here dealt with in preference to any other section of the community is simply that their pedigrees are traceable with less difficulty than, say, the members of the professions, the merchants or trade unionists.

The Jewish penetration also extends to sisters, uncles, etc. of many other Lords and Baronets, whilst in some cases British Lords have had Jews as godfathers to their children!

The terms "Jew" and "Jewish" in the above summary refers to Blood, not to Religion. The Jews belong to many different races, none of which are native to Britain.

As a result of this Jewish penetration, Britons have begun to accept Jewish-looking fellow-citizens as normal.

If full information was available, all these lists would be lengthened very considerably.
